Effective 2017

Statement of Understanding – Clinical Embalming

I understand that in order to complete the degree requirements to receive the A.O.S. degree from American Academy McAllister Institute of Funeral Service, I must complete the following requirements for PHT 412 – Clinical Embalming.

I agree that I will participate in the hands-on experience of 10 clinical embalmings and will actively complete the following tasks. These tasks include, but are not limited to:

- Raising vessels
- Mixing fluids
- Injecting fluids
- Aspiration
- Making incisions
- Suturing incisions
- Posing features

I am aware that I will be working with the embalming of human remains.

I also understand that I cannot successfully complete the A.O.S. program, unless I actively and physically participate in the embalming of human remains and I will not be certified to take the National Board Exam.

I also understand that in **addition** to the tuition for the Clinical Embalming course (PHT412), an Embalming Clinical Fee of \$565.00 will be assessed.

I also understand that AAMI cannot guarantee that they will have access to human remains when I am available. I must go when I am contacted.

I understand that I **CANNOT BE LATE** to my Clinical Lab. If I am late, I will be sent home and not receive credit for the case

I am aware that it is my responsibility to respond within 30 minutes of receiving a text, email or phone call from the Coordinator of Clinical Embalming. Failure to do so, will remove me from the rotation.
