

Biannual Campus Climate Assessment

“ENOUGH IS ENOUGH” LAW (EDUCATION LAW ARTICLE 129-B)

AAMI is required to conduct biennial anonymous campus climate assessments to ascertain general awareness and knowledge of the provisions of Article 129-B and publish the results of such assessments on its website. This assessment, in form and content, has been developed by the Title IX coordinator.

Conducted By: Brian L. Kasler Title: VP of Operations Date: 1 June 2017

The Title IX Coordinator is Meg Dunn, and is knowledgeable on the requirements set forth in “Enough is Enough” law (Education Law Article 19-B).

Policies and Forms are located on Campus in the student designated information area, as well as posted on the school’s Website. In addition, policies are reviewed at each Campus Student Orientation, and emailed to All Campus students in January.

The definition of affirmative consent appears in the student handbook, given to new students at campus orientation.

Students and Campus Staff are provided annual training on 129-B provided by Mt. Sinai Medical Center.
