Statement of Understanding – Clinical Embalming

I understand that in order to complete the degree requirements to receive the A.O.S. degree from American Academy McAllister Institute of Funeral Service, I must complete the following requirements for PHT 412 – Clinical Embalming.

I agree that I will participate in the hands-on experience of clinical embalming and will actively complete the following tasks. These tasks include, but are not limited to:

- Raising vessels
- Mixing fluids
- Injecting fluids
- Aspiration
- Making incisions
- Suturing incisions
- Posing features

I am aware that I will be working with the pre-embalming and embalming of dead human bodies.

I also understand that I cannot successfully complete the A.O.S. program, unless I actively and physically participate in embalming dead human remains.
