Organizational Management

This document represents a transfer credit articulation agreement between St. Joseph's College, NY, with campuses in Brooklyn and Patchogue, LI, and American Academy McAllister Institute, NY, for transfer students pursuing a Bachelor of Science degree in Organizational Management.

This will serve as a guiding document for use by students, faculty and administrators of both institutions in clarifying the relationship between the schools and in confirming the way course credits transfer from American Academy McAllister Institute (AAMI) to St. Joseph's College, NY (SJC). The attached Transfer Articulation Course Equivalencies documents are the result of dialogue between the St. Joseph's College and AAMI Academic Deans and Department Chairpersons. Each course equivalent has been reviewed by both parties for content and transferability. The agreement may be modified, including adding or deleting course equivalencies, upon agreement of both parties.

American Academy McAllister Institute A.O.S. in Funeral Service graduates are eligible to receive up to 64 semester hours of transfer credits when transferring to St. Joseph's College, NY. Credit will only be awarded for courses completed with a grade of C or better. The overall grade point average must meet current St. Joseph's College admissions requirements as stated in the SJC Catalogue, as well as program-specific requirements.

The attached articulation agreement serves as a guideline for the maximum number of transfer credits from AAMI to St. Joseph's. Students transferring to St. Joseph's College from AAMI with the maximum number of credits will be given the opportunity to complete the requirements for a Bachelor of Science within four additional semesters of full-time study. SJC liberal arts/core requirements, distribution requirements, and course equivalencies for transfer credit purposes are contained within this document.

To complete requirements for the Baccalaureate Degree of Science (B.S.) in Organizational Management, the student is responsible for any course requirements still outstanding; a minimum of 21 credits from the below Required and/or Elective Business Courses must be taken at St. Joseph's College (MAT 151 may be applied toward this requirement). 120 completed credits are required for graduation from St. Joseph's College. Experiential Learning (evaluated through "Prior Learning Assessment") often qualifies for college credit.

In addition to the below required courses, BUS 226 (ECO 226) - *Microeconomics* and MKT 200 - *Intro. to Marketing* are suggested for those who would like to pursue the St. Joseph's College M.B.A. Program after completing their B.S. degree.

The Baccalaureate Degree of Science (B.S.) degree in Computer Information Technology is appropriate for students interested in the computer field and who wish to apply computer concepts to a business venture. Thus, it places less emphasis on both the theoretical and mathematical aspects of computer science than does the traditional computer science curriculum. The program focuses on the development of technology of infrastructures and systems and the use of these to acquire, deploy, and manage information. Graduates are prepared for entry-level positions in the field of information systems and to continue their studies at the graduate level. Candidates for the degree must complete 40 credits in which an average grade of C or better must be maintained: 30 in Computer Science, 4 in Mathematics and 6 elective credits in Computer Science, Business Administration or Accounting.

Electives are chosen with department approval. This curriculum is in compliance with the ACM Curriculum guidelines.

120 credits are required for to graduate with a B.S. in Computer Information Technology from St. Joseph's College. 60 Liberal Arts credits are required for the B.S. degree (see Appendix). Experiential Learning (evaluated through "Prior Learning Assessment") often qualifies for college credit.

General Studies, B.S. (Professional Studies)

The Bachelor of Science in General Studies offers adults with nontraditional academic backgrounds, as well as those who have had previous college coursework, an opportunity to attain a bachelor's degree through a flexible course of study. **Also Available through SJC Online.**

Personalized advisement is the key to this approach. With the assistance and guidance of a trained advisor, students design a program around their strengths, experiences, and aspirations, drawing from the various courses of the College. Many adults pursuing a career change appreciate the flexibility of this degree and continue on to pursue graduate degree programs. Of the 120 credits required for the degree (effective students entering Fall 2015), at least 60 must be in the liberal arts, including ENG 103 - Writing for Effective Communication and LIB 100 - Library Research Strategies.

The Department reserves the right to require an additional English writing course(s) at any point in a student's program if deemed appropriate based on the student's writing level.

Experiential Learning (evaluated through "Prior Learning Assessment") often qualifies for college credit.

Ordinarily, the minimum overall residency requirement for a St. Joseph's College degree is 30 credits completed at St. Joseph's. Students who transfer to SJC as juniors (that is, transferring in 60-64 credits) will complete their course and credit requirements at St. Joseph's College, NY.

Advertising, Admissions, and Advising for these Articulations

To better serve the needs of AAMI students who are considering a transfer to St. Joseph's, to facilitate the admissions and transfer process, and to ensure that students are provided with the information they need, *it is agreed that St. Joseph's College, NY will:*

- Designate an admissions/academic advisor for AAMI students transferring to SJC, to assist with the admissions and transfer credit process.
- Conduct "early--bird" advisement specific to AAMI transfer students who complete the admissions process by November 15 for the spring term and April 30 for the fall term.
- Provide two on-site admissions and advising sessions per year on the AAMI campus for students interested in transferring to SJC.
- Have faculty continue to work with AAMI faculty in reviewing additional courses for transferability
- Designate a financial aid counselor for AAMI students transferring to SJC, to explain not only the financial aid process, but to highlight scholarships applicants may be eligible for.

American Academy McAllister Institute will:

- Publicize this agreement to students, faculty and professional staff in campus publications.
- Have transfer advisors well versed about this agreement to inform interested students about this opportunity.
- Organize a campus SJC Day for students to meet with SJC advisors.
- Ensure that SJC brochures, applications and other printed materials are distributed to the counseling centers and the academic departments at AAMI.
- Advertise any special programs, events or visits that SJC is offering on the AAMI campuses.

This agreement will remain in force until either party wishes to terminate.

Monitoring, Evaluation and Modification of this Agreement

This agreement will be monitored by tracking students as they progress through the sequence of upper division courses upon transfer. Academic performance and persistence towards the baccalaureate degree will be evaluated by the Executive Dean for Academic Affairs at St. Joseph's College (Brooklyn Campus), in close consultation with the faculty for the B.S. in Organizational Management and the four other articulated SJC departments. This agreement can be modified with the mutual approval of the two institutions.

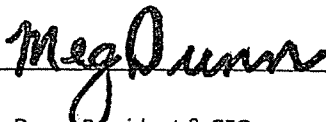

Dissemination of this Agreement

Copies of this agreement will be available in the Academic Advisement Offices / Office of Transfer Advisement at American Academy McAllister Institute; the Office of Transfer Admission, the SJC Advisement Office and the Business Department office at St. Joseph's College, NY.

Both the A.O.S. in Funeral Service at American Academy McAllister Institute and the Organizational Management and Professional Studies Programs at St. Joseph's College, NY have dedicated academic counselors available to provide information and guidance to students. College websites will also provide information regarding the articulation of these two programs.
