Summary of Qualifications

I am an educator who has taught in NYC public schools and served as an adjunct instructor for online and onsite courses. As a leader in professional development for teachers, I focus on using technological tools to enhance instruction and inspire the curiosity that leads to achievement. On a volunteer basis, I served as a captain in the U.S. Air Force Auxiliary, where I managed a military staff of 300 to carry out rescue operations.

Selected Accomplishments

- Developed professional development training on teaching with technology that facilitated teachers' use of software
- Implemented a video-sharing program for teachers to produce videos to address students' achievement gaps
- Created social studies & technology curriculum for 4th-8th graders that increased performance by 73%
- Implemented YouTube libraries to share pedagogical strategies for student engagement
- Developed online certificate program to enhance revenue from business courses that was marketed to CEOs
- Built partnerships in Asia to promote a remote adult education certification program
- Presented to as many as 400 teachers in Asia on classroom management strategies that focused on differentiated learning & behavior modification
